Regarding Your Insurance

By signing below I acknowledge and understand that insurance plans frequently change and re-imbusement levels vary greatly from plan to plan. I fully understand that some fees may exceed my plan's limitations and some services may not be covered.

Galerie Dental Care will do its best to estimate what my plan will cover based on the limited information we receive. I understand that my insurance cannot or will not divulge specific re-imbusement information to my dentist, as the contract for coverage is between me and my insurance carrier. Therefore, I acknowledge that the entire cost of my treatment is my responsibility regardless of insurance coverage. As a courtesy to me, Galerie Dental Care will accept payments directly from my insurance, but I am responsible for any balance after such payments and any costs associated with the collection of the balance.

Questionnaire Acknowledgment and Consent to Proceed

I certify that the answers to the health questions are accurate and correct to the best of my knowledge. Since a change of medical condition or medications, can affect dental treatment, I understand the importance of and agree to notify the dentist of any changes at any subsequent appointment.

I authorize Dr Rita Nijjer, Dr Mahesh Kalia and/or such associates, hygienists, and assistants as (s)he may designate to perform those procedures as may be deemed necessary or advisable to maintain my dental health or the dental health of any minor or other individual for which I have responsibility, including arrangement and/or administration of any sedative (including nitrous oxide), analgesic, therapeutic, and/or other pharmaceutical agent(s), including those related to restorative, palliative, therapeutic or surgical treatments.

I understand that the administration of local anesthetic may cause an untoward reaction or side effects, which may include, but are not limited to bruising, hematoma, cardiac stimulation, muscle soreness, and temporary or rarely, permanent numbness.

I do voluntarily assume any and all possible risks, including the risk of substantial and serious harm, if any, which may be associated with general preventive and operative treatment procedures in hopes of obtaining the potential desired results, which may or may not be achieved, for my benefit or the benefit of my minor child or ward. I understand that placement of fillings may render the involved teeth sensitive to hot and cold temperatures and/or pressure for an extended period of time.

I acknowledge that the nature and purpose of the foregoing procedures have been explained to me if necessary and I have been given the opportunity to ask questions.
